Giving young people a chance to shine.

Scouting is all about positive challenges. We can provide great opportunities for young people from a range of different backgrounds. You know that they have diverse needs and that one size doesn't fit all. In Scouting, we know this too.

We work with 400,000 young people and every one is different. Many come from disadvantaged backgrounds.

We can give young people:

- confidence and a chance to shine
- a friendly and welcoming environment
- opportunities to make new friends, work in teams and develop leadership potential
- the chance to try new activities.

Our leaders are some of the most caring and best trained in the volunteer sector. Every one receives:

- specialist training and one to one support
- an enhanced CRB check
- safeguarding and first aid training.

Scouting is...

ACTIVE!

With over 200 fun and adventurous activities from archery to zorbing there's rarely a dull moment.

FOR BOYS AND GIRLS

There are 65,000 girls in Scouting. Surprised? All young people aged 6-25 enjoy taking part in our programme.

INCLUSIVE

We welcome young people from all kinds of backgrounds, whatever their class, religion, ethnicity, gender, ability or sexual orientation.

INDOORS AND OUTDOORS

Yes, we love camping, canoeing, climbing and abseiling. But our Scouts also get to try craft and musical activities, drama and photography too.

FLEXIBLE

Members are able to easily transfer between groups if they move across the country.

MISSING ONE THING

Your child! Why not give it a try and see what a difference we can make together.
